MESSAGE

Vigilance Awareness Week - 27th October to 1st November 2014

In its endeavour to fight corruption, the Central Vigilance Commission mandates observance of Vigilance Awareness Week every year. While reaffirming our commitment to eradicate corruption, we need to enlist the support and participation of all stakeholders and seek their active co-operation in fighting the menace of corruption. The Commission hopes that such initiatives would be an effective anti-corruption measure.

The theme chosen for this year's Vigilance Awareness Week is "Combating Corruption – Technology as an enabler". A combination of e-governance, web enabled technologies and transparent policy initiatives by Government Departments / Organisations can provide an efficient and effective service delivery system to the citizens. Innovative technologies of social media promote citizens' participation and enable reporting instances of corruption.

The Commission believes that transparency and objectivity in governance hold the key to combating corruption. Effecting systemic changes with simplified procedures, minimum discretion and optimum use of technology is the way forward. The Commission expects all organizations to undertake technological initiatives relevant to their fields to facilitate fairness and equity in governance.
